The following is an examiner's statement of reasons for allowance: there is no teaching in the prior art directed to a coated cemented carbide body that has all the claimed layers in the particular order and thickness.

Claims in this application, are directed to a process of making a coated cemented carbide, which is fully commensurate in scope with the allowed claims. As such, claims are patentable based on *In Re Ochai*, 37 USPQ 2d 1127 (1995) and *In re Brouwer*, 37 USPQ 2d 1663 (1995), therefore claims 21-24 and 26-28 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
